

## **The Physics Of Her Physique**

### **Chorus**

Taboo relations pull just like gravity  
Powerfull forces are felt but never seen  
Pulling me into her heated energy  
The pysics of physique irresistable to me

### **V1**

The latest science cannot be used to claim  
The push and the pull of two magnets is explained  
Unknown forces that reach into the night  
Two bodies attract and hold each othe tight

Restless comes wave upon wave upon wave  
I don't have a gram of self control to save  
Protons and electrons polarize each side  
When opposites attract our two bodies will collide

### **Chorus**

### **V2**

Logic prevails but this time it has failed  
rushing to a research room we cannot leave a trail  
I brush my hand lightly over her skin  
Quantum reactions erupt from within

Explosion, explosion, explosion and then  
Quietly the experiment ends  
Explosion, explosion, explosion I dream  
That I am caught in her magnetic stream

### **Chorus**

### **V3**

Heavenly bodies move in a solar plane  
Pulled out of orbit we risk it all again  
For a mere moment in cosmologic time  
I don't care she got hers and I got mine

A fusion reaction by nature is unstable  
I'm an element on her periodic table  
Cosmic collisions cannot compare to this  
I don't know for what its for the reward or the risk

### **Chorus**

### **Outro**

The pysics of physique irresistable to me  
The pysics of physique irresistable to me  
The pysics of physique irresistable to me  
The pysics of physique irresistable to me
