

Come To Me

V1

Come to me when I'm in a panic, Come to me when I'm all alone
Come to me when I'm out of money, Come to me when I have no home
Can you see that I have a future, Can you see that I have some worth
Can you see us as a good couple, Can you see that I'll make it work
Have the great and unseen forces, Conspired to keep me aloof
Am I the one to be your partner, Can you feel it without some proof

Chorus

Cause I believe that I could be so good for you - Good for you
And I believe sad memories will turn to dust - trun to dust
And I will give you something that is dear to me - dear to me
I will give you all of my trust

V2

Come to me with gauze and a bandage, Come to me with your tender touch
If my breath could blow you off your feet, I'd fly you here in a mighty rush
I have been through more than most men, I'm not complaining but I'm not alright
I decided for once in my life, To do the right thing, to do or die
Here I'm standing bruised and torn naked, My chest is heavy and I'm out of wind
Just the thought that you might be nearer, Lets the healing start to begin

Chorus 2

Cause I believe that you could be so good for me - Good for me
And I believe sad memories will turn to dust - trun to dust
And I will give you something that is dear to me - dear to me
I will give you all of my trust

V3

Come clamly to a raging inferno, Cool the fever-breath softly on me
I'm over heated and over extended, Give me shelter and give me peace
The seasons have turned over three times, Since my whole life turned upside down
Battle weary and a little shell shocked, I'm not a recluse just not around
Only lonely and disjointed people, Can see the shadows that lie everywhere
Happy couples make their own light, If you've got the spark than I've got the flare

Chorus 2
