

Thin Blue Line

V1:

Sweating bullets standing still
We link our arms and link our will
To protesters and activists,
who throw a rock and shake their fists
Can rest at night and sleep soundly
They're save to know what morning brings
At building sites and traffic flows
The order makes the movement go
And demonstrators go to far
Who got their safely in their car
In your homes and in your streets
We are the measure of the peace

B:

V2:

Watching out of either side
Of a wary pair of police eyes
Cause there are monsters in the nigh
And there are monsters in the light
And there are babes lost in the woods
And there are men lost in the hoods
Holding bullets named to kill
We bide the time that's standing still
Find the mark and hope like hell
Domestic doesn't hurt himself
Drop the weapon hear us shout
To save the spouse we'll take him out

C:

Hear no evil – Force of Blue
See no evil - Force of Blue
Feel no evil - Force of Blue
Speak no evil - Force of Blue

Thin Blue Line

V3:

Shifts go in and shifts go out
But nothing shifts the fear and doubt
Of having made the wisest choice
When mad men disregard your voice
The time it takes to live or die
Is measured by a blinking eye
Drugs and guns and bat T.V.
Combine to make a recipe
For broken people to ignite
Invading homes in dark of night
And in your homes and in your streets
We are the measure of the peace

B: & Then C:

V4:

Dodging bullets aimed to kill
An officer is down and still
The bullets rain from in a house
A hostage taking by a spouse
Negotiators do their best
But time runs out to second guess

B:

V5:

Running blood will not deter
A dedicated officer
To do the job of what might come
Reluctantly to use a gun
To take a life to save more lives
And feel the doubt another time
And body bags all look alike
When filled with comrades and bad guys
And hope runs thin but never wanes
That there will be no more blood stains
And in your home and in the streets
We are the measure of the peace

C2:

Hear no evil – Force of Blue
See no evil - Force of Blue
Feel no evil - Force of Blue
Speak no evil - Force of Blue
Dream no evil – Force of Blue
Seek no evil - Force of Blue
Deel no evil - Force of Blue
Do no evil - Force of Blue
