

Strangest Days

V1

These days are the strangest of days
On the Internet you can work and play
All day under the cover of the light
Of computer screens in the day and in the night
And its okay in some funny kind of way
This brave new world we built in hyper cyber space
It's the place to create an identity
And make an avatar in the likeness of me

You've heard the term, well maybe not
My avatar is me and he is hot
And cold you know so the story goes
He's a virtual me in a virtual world
And he has fun with my on-line pals
He's quick with a joke and good with the gals
But guess to gets a the bills to pay
These are the stangest of days

Chorus

These are the stangest of days
To navigate with our primitive ways
So many changes at work and at play
Yes these are the stangest of ways

V2

These days are the strangest of days
I double click at a furious pace
To close a deal for big cyber bucks
I'll be a billionaire yet with any luck
But my avatar is a caring guy
Who wants to save the cyber wild life
Oh wy, oh why can't he be like me
How dare he chooses what he wants to be
I scroll to the left, he moves to the right
My clicker finger's itchen for a cyber fight
I'm pounding and cursing in frantic type
My avatar is near but out of sight
And somewhere lost in my confusion
My avatar has launched a revolution
I'm sickened by the mess that have made
But these are the stangest of days

Chorus

V3

These days are the strangest of days
I just don't know how much a fella has to pay
To undo the damage that my avatar has brought
He's spreading lies and it's really got to stop

And I don't care it's a funny kind of fair
I'm judge and jury sitting in a single chair
My avatar is accused of larceny
I'm prosecution and I'm defending me

We say so much with a nod and a shrug
But I'm betwixed about pulling the plug
In my creation a little mini me
But this relation is causing me some grief

Oh Solomon, Solomon, give me the wisdom
Of the sages of the ages to deal with the schism
Cause a modern man has an avatar to say
These days are the strangest of days

Chorus
