

## **Black Sheep**

### **V1**

Bah Bah Black Sheep have you any wool  
To pull over Mother's eyes that are full  
Of tears for fears that a gang bangers life  
Is the quickest way to see her only son die  
You lie She cries

She gave you life, she gave you hope  
She gave you everything but the rope  
You wear like bling around your neck  
Is it kinda tight you'd better check  
She hugs You shrug

### **Chorus**

There's only one life here to live that we have choice to keep or give  
But in your mother's soulful eyes, you see the seeds of your demise  
Sooner or later you'll get popped and then sweet Momma's heart will stop  
You might as well save her the pain and shoot your bullets into her brain

### **V2**

Twelve years old and she doesn't know  
How to get a little control  
Away from the man who owns the hood  
She'd shoot him down if she knew she could  
She works He smirks

She blames herself that she put on weight  
And couldn't keep your father from running away  
And being the guide to keep you right  
And keep you out of gang land fights  
Her blame Her shame

### **Chorus**

### **V3**

The balance of your live and your death  
Is sold by the weight of crack and meth  
In bottomless bags for Mr. Big  
Lining the walls of the grave you dig  
You sell His hell

Indestructable - the young man's creed  
Is preyed upon by someone's greed  
You say that nothing's gonna happen to you  
With cemeteries full of them who thought that too.

### **Chorus**
