

I WANT TO GET UNDER YOUR SKIN

Chorus

I want to get under you skin
Cause that's where we all are bethrin

V1

I lived in a warmer place
Quite some time with the sun in my face

Wrapped around in tones of brown
The sun laid its tracks till it went down

By a tree I had a dream
That my child grew up darker than me

A million children family
All grew up a little darker than me

Chorus 2 x's

V2

Long ago in Africa
Rocks were painted with what he saw

A hungry belly on the move
Northward to where there was plenty of food

Shorter days and longer nights
His skin got lighter in the Northern lights

By a tree he had a dream
That his child moved more northerly than he

A million children family
All grew up a little whiter than he

Chorus 2 x's

V3

Travels of the ancient ones
Where restless hearts were on the run

Planting seeds of prgeny
Over land bridges and across the sea

Every generation grew
A little further out form what the sun can do

Colours shift form baack to white
With shades in between along the line

How can we define a race
When the boundaries cannot be traced

Chorus 2 x's
