Intro

Calling out to those pretending
Calling out to those intending

Main Chorus

Is it better to be a wall flower
than to never have bloomed into something
At the end of the day cn you honestly say
Your're persuing something saisyfying

V1

HEY YOU YA YOU
Don't be fooled by all this stuff
Buying tings is not enough
To fill the holes that don't exist
Is done instead of taking risks
Doing more is doing less
Of the things that we do best

V2

WHICH WAY TO GO
The question finds so many homes
Where dreams are children of our hopes
In house made of blood and skin
Tha keeps out out and keeps in in
We all want a heart that is free
The question is to what degree

Bridge Chours

Every journey finds a watershed
Where the currets divide which way that ou will go
back to the place where you've been for so long
Or into the light where you can grow

Main Chorus

V3

BEHOLD OUT THERE
The Great Plains stretch into the sky
That's kissed by mountains rising high
Where a leap of faith will travell far
To finding out just who you are
For every time you say Tomorrow
Another ounce of pride is borrowed

Bridge Chorus

Main Chorus

Outro

HEY YOU GUESS WHO
Calling out to those inventing
The fate you make by not lamenting.
